

ENDURE® 320 ADVANCED CARE

Page 1 of 3

CLASSIFICATION:

Waterless Antimicrobial Hand Rinse

PRODUCT DESCRIPTION:

- Endure 320 Advanced Care is formulated to work with the other Endure products to promote SkinSynergy® and improve nosocomial infection prevention.
- Endure 320 Advanced Care gives the added protection needed by helping control the spread of nosocomial infections when conditions prevent routine hand washing.
- Endure 320 Advanced Care is formulated with advanced moisturizers to condition and protect the skin.
- Endure 320 Advanced Care is intended for acute care and sub-acute care facilities, long term care facilities, clinics, beauty salons, dental offices, child care centers, emergency rooms, nursing, medical transportation, IV teams and home healthcare.
- Endure 320 Advanced Care is compatible with CHG, latex gloves and lotions (Huntington brand).

FEATURES AND BENEFITS:	
Feature	Benefit
62% ethyl alcohol active ingredient	Provides proven infection prevention against a wide range of microorganisms.
Lotion based formula	Advanced system of moisturizers keeps skin feeling soft and smooth.
Rapid antimicrobial action	Kills 99.999% of germs in 15 seconds without water.
Absorbs quickly	Leaves skin soft, maintains skin's natural oils and moisture levels without stickiness, non-greasy.
Compatible with CHG, lotions and latex gloves	Does not compromise antimicrobial efficacy.
Complies with hand washing guidelines	Meets CDC Guideline for Hand Hygiene in Healthcare Settings.

DIRECTIONS FOR USE:

- Apply **Endure 320 Advanced Care** onto hands and rub until dry.
- Water is not required for rinsing.

SPECIFICATIONS:

Active Ingredients
pH
62% Ethyl alcohol
6.8 - 7.4 (100%)

• Solubility in Water Mixes with water in all proportions

Specific Gravity 0.870 @ 68°F

• Initial Boiling Point NA

Flash Point 79.5°F/26.5°C
 Appearance Opaque White
 Fragrance Crisp Melon
 State Viscous liquid

REGULATORY CLAIMS:

• NDC 47593-408

DIN 02247983

MICROBIOLOGY:

Endure 320 Advanced Care is effective against:

Acinetobacter baumanii	Klebsiella pneumoniae (2 strains)	Serratia marcescens

ENVIRONMENT & SAFETY:

Hazard Rating

Health - 1

Fire - 3

Reactivity - 0

- Flammable liquid Keep away from fire or flame.
- Clean-up Remove all ignition sources. Rinse small amounts to sanitary sewer where possible, or mop up and rinse area with water.
- Waste disposal Consult state/local authorities for limits on chemical waste disposal. Unused product is ignitable (D001) by RCRA criteria.

STABILITY & STORAGE:

- Stable under normal conditions of handling.
- Avoid excessive heat during storage.

FIRST AID:

• **FOR EXTERNAL USE ONLY.** Keep away from eyes and mucous membranes. If contact with eyes occurs, flush with water. If irritation develops or increases, use of product should be discontinued. If condition persists for more than 72 hours, consult a physician.

For Emergency Medical Information, Call 1-800-328-0026.

IF IRRITATION OR DISCOMFORT PERSISTS, SEEK MEDICAL ATTENTION.

PACKAGING & PRODUCT NUMBERS:

Size Available	Product Number
72/4 oz.	61430360
12-540 mL (DisposaCare)	61430370
12-1000mL (DisposaCare)	61430380
10-1000 mL	61430390
